# FSS Participants & Education

- FSS participants make up 33% of the MFIP participant group engaged in educational activities
- The majority of these FSS participants are engaged in ESL or FWE (59%). \*
- 19% of MFIP participants in post-secondary schooling are categorized as “FSS”

\* All legal non-citizens in the United States 12 months or less are automatically coded as “FSS”. Legal non-citizens may continue to receive FSS beyond the initial 12 month period if it is determined by the participant and the case manager that the participant should continue with ESL or skills training or both .

# Defining Post-secondary education

- Post-secondary education is defined as education beyond the high school level
- It includes two coding categories, training up to 12 months, and training 13 months or more
- Programs coded in these categories range from C.N.A. certificate programs to 4-year colleges

## Post-secondary enrollment, December 2015
